

PARRAMATTA ECONOMIC INSIGHTS – DECEMBER QUARTER 2022

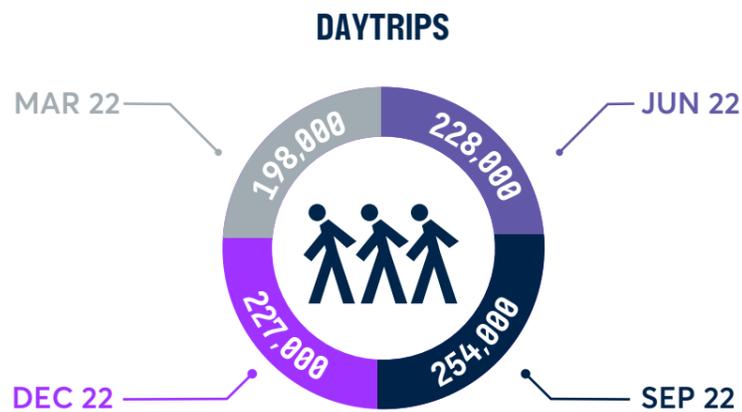

Gross Regional Product (market prices plus indirect taxes) in the December 2022 quarter was estimated at \$7.163M, up \$15.2M (0.2%) from the September 2022 quarter. The four quarter GRP to December 2022 was \$28,591M. The quarter total for local jobs was 7.8% higher than that experienced in the same quarter the year before. The value of building approvals in the December 2022 quarter was estimated at \$467.6M, up \$163M (53.6%) from the September 2022 quarter. The main driver was the change in value of Residential Approvals (\$102.1M). The four-quarter average to December 2022 was \$469.5M. The overall quarter total was 21.2% higher than that experienced in the same quarter the year before.
